

RINGSPANN, Bad Homburg

Innovative Power Transmission Components, Clamping Fixtures and Remote Control Systems

RINGSPANN was founded in 1944 and is headquartered in Bad Homburg near Frankfurt, Germany. The group has nine production plants in Germany and abroad and employs around 480 people in 17 companies.

RINGSPANN is a leading technology manufacturer in freewheels, brakes, shaft-hub-connections overload clutches and couplings. It also leads in precision clamping fixtures and remote controls. The company has nine manufacturing facilities in Germany and abroad. RINGSPANN's service portfolio ranges from consultation and design and development, right through to the production of ready-to-install components. Customer training and aftersales support round off the RINGSPANN portfolio. RINGSPANN is considered a premium manufacturer in all product segments, and is international market leader in the area of freewheels.

RINGSPANN supplies around 6000 customers worldwide in the industries of industrial gears and geared motors, mining, machine tools, food and packaging machines, energy generation, material handling, marine, rail, aerospace, vehicle construction, pulp and paper as well as in general machine building and plant construction. RINGSPANN is certified to ISO 9001 and ISO 14001.

RINGSPANN will be present at several national and international trade fairs over the next few months.
